### 3 Ragnar Street Edmonton QLD

3 2 3

If you are looking for a larger family home, where all the comforts within will be appreciated and enjoyed, 3 Ragnar Street, Edmonton presents as this.

Very accommodating family home, where every room is of exceptional size. There is still work that is required, however this allows you to place your own personalized individual appeal. The floor plan works well, with separate living to kitchen and dining and the perfect extension to divine, private outdoor living. The bedrooms are not visible from the main living areas, and act as a place of retreat for all family members. Every aspect of this home just works well!

The instant appeal for me was the actual size of the home and the outdoor living ambiance. An inspection will reveal these engaging features
